

SANTOSH KUMAR MOHANTY

FULL STACK DEVELOPER | Node.js | AWS | React.js

+91 962 055 3334 || santosh.rit@gmail.com || www.linkedin.com/in/santosh-webdev

CAREER SUMMARY

Experienced Full Stack Developer with a vast array of knowledge in backend, frontend, databases, cloud and best code practices committed to maintaining cutting edge technical skills and up-to-date industry knowledge. My objective is to be the best web developer and a Solutions Architect going forward to contribute to the technology industry all that I know and can do. I am dedicated to perfecting my craft by learning from more seasoned developers, and continuously making strides to learn all that I can about development.

EXPERIENCE & PROJECTS

Software Development Engineer III || Time Inc.

August 2014 - Current

Node.js | React.js | DynamoDB | Elastic Search | DevOps

Integrated Ad Products

- Developed web applications that increases revenue and traffic to the Time Inc brand websites.
- Developed various products such as photo uploader, polls and quizzes and live blog.
- Developed highly scalable and low latency Node.js APIs that can handle the entire traffic for Ad Products.
- Worked in building a generic cross platform/project Authorization/Authentication Module in Node.js used to access different products in Ad Products Platform.
- Developed modular front-end widgets in React.js that can be imported as a library to any websites based on plug n play architecture.
- Worked in a combination of databases like DynamoDB and ElasticSearch in providing scalable and fast APIs.
- Worked on Continuous Integration, deployment and automation of Build using Circle-CI and Code Pipeline, API Test Cases using Supertest, Mocha and functional test with Selenium and Nightwatch-Cucumber .
- Developed widget components for TimeInc.'s Integrated Brand Platform ELEMENT.

Site Search

- Developed multi-tenant search platform that can serve all the brands from a single shared system in Node.js.
- Integrated the Search Application with Google custom search API and later with Elastic Search to get in-house search Data from brand websites.

Sports Illustrated

- Worked as FrontEnd and Drupal Developer for Sports Illustrated and SwimSuit.
- Worked in building a Live Draft Module for NFL Drafts.

Software Engineer || Impelsys India Pvt. Ltd.
